Safety Instructions:

- Be aware of the danger of improper handling of AdBlue®.
- Ensure that the tank system is on firm and level ground.
- When using fan heaters, observe the water temperature to avoid damage.
- Check the leakage indicator regularly to prevent environmental damage.
- Observe the safety instructions for using the electric pump.
- Protect the product from direct sunlight and extreme temperatures.
- Wear suitable personal protective equipment.
- The tank system may only be used for the storage and refuelling of AdBlue®.
- Install and maintain the electrical equipment in accordance with safety regulations to minimise the risk of electric shock.
- Check the integrated PE drip tray regularly for cleanliness and function.
- Only allow authorised personnel to operate the appliance, especially the electric pump.
