Safety Instructions:

- Take care when handling aggressive chemicals and substances hazardous to water. Wear protective clothing, gloves and eye protection.
- Use the drip tray only for the storage of water-polluting substances of GHS 1-4.
- The drip tray is not suitable for use with food.
- Before use, ensure that the drip tray is intact and not damaged. Check regularly for cracks or damage.
- Ensure that the drip tray is stable and level to prevent it from tipping over. Ensure that the ground conditions are stable before use.
- Do not load above the maximum permissible capacity of 250 litres. Do not overfill to avoid leakage and thus environmental hazards.
- Dispose of the drip tray in accordance with local regulations for the disposal of hazardous waste.
- Ensure safe handling of hazardous substances.
- Keep the product out of the reach of children.
