Safety Instructions:

- Take care when handling hazardous substances, especially AdBlue®; wear suitable protective equipment (especially gloves and safety goggles) and consult safety data sheets if necessary.
- Ensure that the product is placed on a level and stable surface and that the mobile petrol station is not loaded above the maximum permitted load.
- Avoid contact with skin and eyes and inhalation of vapours; in case of contact, rinse thoroughly with water and consult a doctor.
- Store the product out of the reach of children and pets in a dry and well-ventilated environment.
- Do not use the product near sources of ignition and keep a safe distance from flammable materials when filling.
- The mobile filling station may only be used for its intended purpose and is not authorised for the transport of urea solutions in accordance with ADR.
- Ensure that the electrical connection is in perfect condition before use to avoid the risk of electric shock.
- When using, ensure that the filling hose is not damaged in order to avoid leaks.
- Be careful when levering the petrol station.
