Safety Instructions:

- Only use the drip tray on firm, stable surfaces and ensure that it is correctly connected to the steel base frame.
- When handling hazardous chemicals, wear suitable protective equipment, including gloves and safety goggles. Only trained personnel should use the tray.
- Protect the product from direct sunlight and heat sources.
- Check the drip tray regularly for cracks, damage or wear to ensure functionality.
- In the event of overflowing or leaks, immediately take suitable measures for evacuation and cleaning.
- Only use the product in accordance with the manufacturer's instructions. Avoid overloading beyond the maximum capacity of 250 litres.
- Only authorised for use with substances hazardous to water in accordance with GHS 1-4. Avoid contact with aggressive chemicals if not intended.
