Safety Instructions:

- Observe the safety precautions when operating and handling the mobile petrol station, including the stability and safety of the installation to prevent falls.
- Avoid contact with AdBlue®, especially skin and eye contact; wear appropriate personal protective equipment to avoid skin contact and inhalation of vapours.
- Ensure that the electrical connection for the diaphragm pump is made in accordance with local regulations.
- Do not use the petrol station in potentially explosive atmospheres.
- Regularly check all connections, the condition of the hose and seals for leaks, wear or damage to prevent leaks.
- Before commissioning, ensure that there are no leaks.
- The mobile filling station is not approved for the transport of urea solution in accordance with ADR.
- Only store and use the product out of the reach of children.
- When handling hazardous substances, observe generally applicable safety precautions to minimise health risks.
