Please note the technical data of the products!

Article Numbers: 167762, 167761, 167760, 167759, 167758, 167757

Safety Instructions:

- Protection against choking hazard due to improper handling or use of small parts. Product not suitable for children under 3 years of age.
- Caution: flame retardant according to fire protection class B-S2. Keep the product away from naked flames and heat sources.
- Avoid direct sunlight and moisture to prevent damage or functional impairment. Do not use the product in extreme humidity or temperatures.
- Only mount the product securely with magnets to avoid liability risks. Take care when mounting: Magnetic attachment could loosen smaller parts.
- Please ensure that installation is carried out in accordance with the instructions to prevent the risk of falling and tripping. Mount the product stably, especially in areas with high foot traffic.
- Use of the product is only recommended under adult supervision, especially due to the possible risk of suffocation from small parts in the magnetic mechanism.
- For safer use, ensure that the product is properly assembled to prevent mechanical damage caused by excessive loads.
- Material note: Textile surface can lead to soiling. Recycling information: The core made of recycled PET is recyclable, please dispose of accordingly.
