Safety Instructions:

- The luminaire contains built-in, non-replaceable LED lamps. In the event of a defect, the entire lamp cannot be repaired.
- Risk of electric shock if used improperly, especially if the cable or electrical components are damaged. Electrical safety: The light must not be used in water or in high humidity.
- The lamp must not be used in damp or wet environments to avoid the risk of a short circuit.
- Child safety: The lamp should be placed out of the reach of small children to prevent it from falling over or being damaged. Choking hazard: Small parts such as protective covers can be swallowed by small children.
- Use the lamp in accordance with the instructions to avoid injury or damage.
- Improper use of the dimmer can lead to overheating. Observe the safety instructions.
- The light must be disconnected from the power supply before cleaning.
- The light must not be covered or placed behind flammable materials.
