Article Numbers: 147127, 147126, 147125, 147124

Safety Instructions:

- Only use the chair for children weighing up to 60 kg. Observe the maximum load of 60 kg to prevent injuries.
- The seat is designed for a maximum recommended sitting time of 4 hours. Do not exceed a maximum sitting time of 4 hours in order to avoid adverse health effects.
- Only use the safety double castors on soft surfaces such as carpets to prevent slipping or wobbling. Do not use on slippery surfaces.
- Caution when adjusting the height: The special children's top lift should only be operated by an adult. Height adjustment should only be carried out by adults to avoid injury.
- Not suitable for children under 3 years of age due to possible risk of stumbling or choking on small parts.
- Suitable for children, but use under supervision. Supervision is recommended to avoid injury.
- Seat height only suitable for children weighing at least 20 kg.
- Take regular breaks when sitting for long periods.
- Ensure that the chair is stable to prevent it from tipping over.
- The backrest should be adjusted correctly to avoid back injuries.
- Risk of injury from improper use. Take safety precautions to minimise the risk of falling, especially when using on uneven surfaces.
- Choking hazard due to small parts if used incorrectly or damage to the chair.
