Safety Instructions:

- Suitable for children aged 5 years and over, not suitable for children under 3 years due to choking hazard from small parts.
- Only pull and push the chair while seated to prevent it from tipping over.
- Do not stand or sit on the armrests to avoid the risk of falling.
- Only use castors on floors suitable for the chair. Use double safety castors to prevent slipping on smooth floors.
- There is a risk of injury if the chair is handled incorrectly. Only use the chair as intended.
- The seat height may only be adjusted under adult supervision and is only suitable for children weighing 25 kg or more.
- Dispose of in accordance with local regulations for electrical waste.
- Caution: Use only under adult supervision.
- The chair is designed for children aged 5 to 13 years due to its height adjustability and the recommended sitting time of 4 hours. Take regular breaks.
- The washable materials should be checked regularly for damage in order to avoid health risks.
- The chair should be used on a level and stable surface to prevent it from tipping or falling over.
- The maximum load capacity is 60 kg. Observe the maximum user weight of 60 kg to avoid tipping over.
- Choking hazard due to small parts if the chair is disassembled.
- Risk minimisation due to improper use of the seat adjustment.
- Observe the recommended maximum sitting time of 4 hours to avoid damage to health.
- Floor castors are only suitable for carpeted floors.
