Please note the technical data of the products!

Article Numbers: 167833, 167832, 167831, 167830

Safety Instructions:

- Take care not to use the labels near sources of heat or naked flames.
- Avoid direct contact with water or extreme temperatures, as this could impair the adhesive strength.
- Make sure that the surface to which you are applying the labels is clean, dry and free of dust to ensure optimum adhesion.
- The labels are not suitable for use on food and should not come into direct contact with food.
- Use of the labels is at your own risk. The manufacturer accepts no liability for damage caused by improper use.
- Ensure that the labels are only used indoors. The labels are not suitable for outdoor use.
- The adhesive force is particularly strong; do not use the labels on sensitive surfaces.
- Store the labels in a dry place to ensure optimum adhesion.
- Avoid using on surfaces that could peel or flake and on uneven or dusty surfaces without prior preparation.
- Do not use on skin or open wounds.
- Keep away from children and not suitable for children under 3 years due to small parts.
- Not intended for use under extreme conditions (e.g. high humidity or temperature).
- Test the labels on an inconspicuous area before use.
