Please note the technical data of the products!

Article Numbers: 460631, 460629, 460628, 460626

Safety Instructions:

- Ensure safe use within the company.
- Note load capacity: Maximum 720 kg. Alternatively: 600 kg.
- Use only for the intended purpose (e.g. picking up and transporting 220 litre drums).
- Ensure that the gripping clamps are correctly seated during handling.
- Carry out regular maintenance and checks.
- Discontinue use immediately in the event of abnormalities or damage.
- Wear suitable protective equipment such as gloves and, in the case of hazardous substances, appropriate protective equipment.
- Keep product away from children.
- Use on a stable and level surface.
- Read all safety-related instructions and the operating instructions carefully before use.
- Check the product for damage before use.
- Only suitable for commercial use and note the risks when lifting heavy loads.
- Incorrect use can lead to accidents.
- Illuminate the application area well.
- Clean hands before and after use.
- Do not perform any manoeuvres under load if the product is not working properly.
