Safety Instructions:

- Caution: The product contains electrical components that can lead to electric shocks if handled incorrectly.
- Caution: When using lubricants, ensure that they are suitable for the respective application.
- The electric pump should only be operated in dry environments to minimise the risk of electrical short circuits.
- The dispensing nozzle may only be used for the liquids specified in the operating instructions in order to avoid safety risks.
- Check the hoses regularly for cracks or damage before using the appliance.
- To avoid accidents, children must not play in the immediate vicinity of the electric pump.
