Safety Instructions:

- Non-contact operation to avoid germs and cross-contamination.
- Only suitable for use with the refill bag provided.
- Can use battery C (1.5 V), available as an optional accessory.
- Ensure that the dispenser is properly mounted to avoid the risk of falling.
- Change the refill bag as required to prevent the appliance from clogging.
- Only suitable for indoor use.
- Battery-operated devices must be placed out of the reach of children.
- Avoid liquid contact with the batteries to prevent short circuits.
- Only use the refill bags authorised by the manufacturer to avoid blockages.
- In case of contact with eyes, rinse immediately with plenty of water and consult a doctor if irritation occurs.
