Safety Instructions:

- Not suitable for contact with food.
- No special safety warnings required as the product does not pose any direct health risks.
- Avoid use at high temperatures.
- Please keep away from fire and moisture.
- Observe suitable storage conditions before use.
- Keep the product out of the reach of children.
- When using laser printers, the paper can become very hot. Caution is advised.
- Use wood-free, non-yellowing paper for written cultural material or official printed matter.
- Observe cutting safety when handling paper to avoid injuries.
- Keep the paper dry to prevent it from being damaged or printed incorrectly.
- Improper use can result in paper dust or small pieces of paper that can be swallowed.
- Keep out of the reach of children to avoid the risk of choking.
