Safety Instructions:

- Wear suitable personal protective equipment (PPE) such as gloves and safety goggles when using the drum lifter.
- Ensure that the drum lifter is operated on a level and stable surface to prevent it from tipping over.
- Do not exceed the maximum load capacity of the drum lifter and ensure the stability of the product at maximum load.
- Check and maintain the drum lifter regularly for wear and correct function to ensure proper operation.
- Read the operating instructions before use and only use for the intended purpose.
- Observe protective measures, especially when handling and transporting drums and when coming into contact with hazardous substances.
- Provide suitable training for persons operating the drum lifter.
- Keep away from children due to possible risk of injury.
- Improper handling can lead to injuries.
