Safety Instructions:

- Avoid contact with hazardous substances without suitable protective equipment.
- Check the condition and functionality of the drum lifter before use.
- Secure the drum lifter during use to prevent it from tipping over.
- Observe the maximum loads and lifting heights specified by the manufacturer.
- Keep the area around the drum lifter free of obstacles to prevent falls.
- Ensure safe use of the drum lifter in accordance with the manufacturer's instructions.
- When lifting and transporting steel drums, ensure that the appliance is stable.
- Persons must keep away from the working area of the drum lifter while it is in operation.
- Do not use the drum lifter in areas with flammable or explosive substances.
- Carry out regular maintenance and inspection of the drum lifter to prevent malfunctions.
