Safety Instructions:

- When moving the presentation board, it is important that it is stable to prevent it from toppling over.
- Use medium-resistant disinfectants on the acrylic glass surface to prevent damage.
- All parts of the presentation board must be assembled and securely fastened before use to avoid injury.
- The board must not be placed near heat sources or in direct sunlight to avoid discolouration.
- The presentation board is only suitable for use in protected indoor areas.
- Do not use abrasive cleaning agents to avoid scratching the surface.
- Choking hazard due to small parts and improper use.
- Risk of electric shock due to improper use of electrical components.
- Risk of sharp edges or damage to the panel.
- Risk of injury due to the presentation board falling over if not set up correctly.
