Safety Instructions:

- Only store suitable liquids of GHS categories 1-3 and 1-4.
- If liquids leak, use a drip tray to ensure that they are collected.
- Read the instructions for the safe use and storage of hazardous substances carefully.
- Wear suitable protective clothing when handling hazardous liquids.
- Check the drum rack regularly for damage and leaks.
- Take special care when storing flammable liquids.
- Store and handle aggressive chemicals and water-polluting liquids safely.
- Observe correct use of the drip tray in the event of leaks.
- Do not use the product in areas with high temperatures or direct sunlight.
- Regular inspections are required to ensure the damage-free condition of shelving and fall arrest systems.
