Safety Instructions:

- Only use the drum rack for the safe storage of drums containing aggressive chemicals and hazardous substances of GHS categories 1-4.
- Ensure that the drip tray is always correctly installed and in good condition to catch any leaking liquids.
- The drum rack is not suitable for use by children as it may come into contact with hazardous substances.
- Follow the local regulations for the storage and disposal of hazardous substances.
- Ensure that the maximum load capacity of 2x 200 litre drums is not exceeded.
- Avoid improper handling, which could lead to a risk of danger.
- Keep the storage environment dry and free from possible disruptive factors that could impair the safety of storage.
