Safety Instructions:

- Ensure that the cabinet is mounted on a stable and level surface to prevent it from tipping over.
- Observe the maximum load capacity of the shelves of 140 kg to prevent collapse.
- The lock should be checked regularly for proper functioning.
- Before closing the doors, make sure that there are no objects in the closing mechanism.
- Follow the safety instructions in accordance with the applicable standards and regulations.
- Always close the cabinet door completely to avoid injury.
- Keep the product away from children, as it could be used as a climbing surface.
- Do not use the product in damp environments to avoid corrosion damage.
