Safety Instructions:

- Only use shelves in accordance with the manufacturer's instructions.
- Observe the maximum load capacity: Do not distribute more than 140 kg across all shelves. Please do not exceed the maximum recommended total load of 140 kg.
- Ensure a secure stand: Set up shelves stably to prevent them from tipping over.
- Check small parts for corrosion protection: Check for possible rust formation during prolonged use. Do not place the product near water sources to avoid corrosion.
- Only use the shelf for its intended purpose.
- Ensure that the shelf is securely mounted, especially when wall-mounted.
- Avoid use as a top shelf if stability is not guaranteed.
- Ensure that the intermediate shelves are correctly and securely adjusted.
- Check the shelf regularly for possible damage.
