Safety Instructions:

- Secure the shelf to the wall to prevent it from tipping over.
- Place the shelf on a stable surface to prevent it from tipping over.
- To ensure stability, do not load the shelf above the maximum load capacity.
- Avoid placing heavy or dangerous objects on the shelf.
- Keep the shelf clean and free of liquids to avoid the risk of slipping.
- Watch out for sharp or pointed objects on the shelves that could cause injury.
- Follow the instructions carefully when assembling.
- Check the shelf regularly for possible damage.
- Use suitable protective devices if shelves are moved during operation.
