Please note the technical data of the products!

Article Numbers: 461520, 461519, 461518, 461517

Safety Instructions:

- Store safely: Before use, ensure that the shelf is stable and on a firm, stable surface. Do not overload to ensure stability.
- Information on hazardous substances: For water-polluting and flammable liquids of GHS categories 1-4 or 1-3, use only suitable substances and observe suitable storage conditions.
- Protective measures: Wear personal protective equipment (PPE) when using chemicals.
- Cleaning: Clean up spillages immediately to avoid environmental risks.
- Storage instructions: Check shelving regularly for wear, damage and corrosion to avoid safety risks.
- Sump tray: Regular inspection due to sensitivity to corrosion, check for overfilling and ensure that it is in good working order.
- Caution: Hazardous goods shelving is intended for the storage of hazardous substances. Only suitable for commercial use.
