Please note the technical data of the products!

Article Numbers: 461553, 461552, 461551, 461550

Safety Instructions:

- Ensure safe storage of water-polluting liquids and aggressive chemicals in accordance with regulations.
- Check the PE drip tray regularly for leaks and act quickly if liquids escape.
- Use only for the intended storage materials and store in authorised containers; do not overfill.
- In the event of a leak or leakage, take immediate measures for safe disposal.
- Use suitable protective equipment when handling hazardous substances; take care when handling.
- Attach the shelf stably and securely to the wall; do not overload; ensure maximum load-bearing capacity.
- Carry out regular inspections for damage or signs of wear; note sensitivity to corrosion.
- Choking hazard due to possible leakage of liquids; not suitable for children under 3 years of age.
- Protect from fire or overheating as the materials can absorb chemicals.
