Article Numbers: 461557, 461556

Safety Instructions:

- Use only in accordance with the instructions for safe use.
- Ensure that the shelf is properly installed and secured.
- Avoid contact with skin-irritating or corrosive chemicals.
- Wear suitable protective equipment when handling large quantities of hazardous liquids.
- Regularly check the drip pans for damage or cracks.
- Ensure that the drip trays have sufficient capacity to prevent overflow.
- Only use the product for substances hazardous to the aquatic environment in GHS categories 1-4.
- Regular inspection and logging of the rack required due to the material's sensitivity to corrosion.
- Take care when storing liquids hazardous to water according to GHS categories 1-4.
- Avoid improper handling to minimise the risk of leaks and other hazards.
