Safety Instructions:

- The exhibition counter is not suitable for children, so appropriate precautions must be taken.
- Avoid serious injury from tipping over: The counter should be placed on a stable, level surface.
- The counter and the acrylic glass top are packed separately: Follow the instructions carefully when assembling.
- Avoiding glass breakage: The acrylic glass top is shatterproof, but care should be taken to avoid impacts.
- The materials are moisture-resistant, but not permanently waterproof: the counter should be dried after prolonged contact with water.
- The counter must be checked regularly for stability and safety, especially if it is transported frequently.
