Safety Instructions:

- Do not drop the appliance or expose it to strong impacts.
- Only use on stable, level surfaces.
- Check for visible damage before each use.
- Do not splash liquids onto the scales or immerse them in water.
- When using heavy objects, ensure that the scales are correctly calibrated.
- Only allow children to use the equipment under adult supervision.
- Do not overload the bench scale to avoid overloading.
- Ensure that the electrical connection is intact and undamaged.
- Use the protective bonnet during weighing to avoid injury.
- Keep away from children to avoid improper use.
- Observe the safety instructions for using the bench scale in accordance with the general product safety requirements of the EU regulation.
- The bench scale is not intended for use as a medical device or for carrying out medical tests.
- Avoid sudden jolts or shocks while using the scales.
- Do not use the scales in damp or wet environments.
