Article Numbers: 156385, 156384

Safety Instructions:

- Secure the shelf against tipping over by attaching it to the wall.
- Observe the maximum load of the shelf: distribute 200 kg evenly on all shelves. Ensure that the shelf is not overloaded, as the total load capacity is 200 kg.
- Use only for the intended purpose: no use as seating.
- Check the shelf regularly for stability, correct fastening and possible damage.
- Ensure that the shelf is standing on a level surface.
- Keep the shelf away from damp environments to prevent rusting and damage.
- The hinges and other moving parts should be checked regularly for wear.
- When using the shelf, make sure that no small objects can fall down to avoid injuries.
