### Safety Instructions:

- The product is not designed for use by children, but must be set up securely to prevent it from tipping over.
- Ensure that the shelving unit is placed in a stable and safe environment to avoid injury.
- Heavy objects should be stored on the lower shelves to minimise the risk of tipping over.
- Avoid overloading the shelf that exceeds the maximum load capacity of 200 kg to prevent it from collapsing.
- The manufacturer's instructions must be followed carefully during installation in order to avoid safety risks.
- Protect the product from water and aggressive chemicals.
- When mounting, make sure to use stable fastenings.
