Safety Instructions:

- Make sure that the cabinet is securely positioned to avoid the risk of it tipping over.
- The total load capacity of 380 kg should not be exceeded.
- When adjusting the intermediate shelves, make sure that the screw connections are tight to prevent slipping.
- To ensure safe use of the doors, they should be checked regularly for functionality and always kept closed during use to avoid injury.
- Use the espagnolette lock securely to prevent unwanted opening.
- Avoid sharp or heavy objects on the top shelves to minimise the risk of falling.
- Do not store the product near sources of heat or moisture.
- Deny children access to the unit to avoid the risk of injury.
- Follow the installation instructions exactly to ensure the safety of the product.
