### Safety Instructions:

- Caution: Cabinet of high construction - risk of falling if tipped over due to improper use. Secure the shelving unit against tipping over, especially when heavily loaded.
- Ensure that the door locks function properly to prevent unauthorised access to the contents. Ensure that the doors close properly.
- Check the stability of the cupboard before use, especially when fully loaded.
- Suitable for adults and not suitable for children - risk of crushing if handled incorrectly.
- Keep the cabinet at least 50 cm away from the wall to ensure safe use.
- Dispose of components in accordance with local regulations for metal and plastic waste.
- Observe the maximum total load capacity of 320 kg.
- Keep the serial number and instructions in a safe place during installation.
- Do not use the shelving unit as a ladder.
- Provide suitable instructions for safe use and maintenance.
