Safety Instructions:

- Keep the product out of the reach of children due to the risk of choking on small parts.
- Mount the cabinet stably and securely to prevent it from toppling over.
- Regular inspection for damage or wear to ensure safety.
- Do not overload floors beyond the permissible total load capacity of 320 kg.
- Do not use aggressive chemicals for cleaning to protect material integrity.
- Provide safety information and instructions for safe installation and use.
- Ensure that storage and transport conditions do not affect product conformity.
- Carry out regular risk analyses and safety checks.
- Labelling with identification numbers and contact details of the manufacturer, if required.
