Safety Instructions:

- Ensure safe use with clear instructions for installation and maintenance.
- Avoid risk of injury due to improper use (this includes crushing or falling).
- Protection of the product against water and extreme temperatures to prevent damage.
- Ensure correct load distribution during storage to prevent the cabinet from tipping over and to ensure stability, especially with higher loads.
- Avoid sharp edges and corners to prevent injuries.
- Regularly check doors and locks for proper functioning to prevent injuries.
- Information on the correct weight limit per shelf (maximum 260 kg) to avoid overloading.
