Safety Instructions:

- For indoor use only.
- The product is heavy; be careful when moving it and ensure that it does not tip over.
- Do not exceed the total load capacity of 260 kg.
- Wear protective clothing when assembling or disassembling the product.
- During assembly, ensure that all screws and connections are firmly tightened.
- The product should be placed on a stable, level surface.
- Keep away from children as parts could be swallowed.
- Do not use the product in places exposed to extreme temperatures or humidity.
- Do not place heavy objects above the shelves to prevent them from tipping over.
- Position the shelf securely in the room before assembly.
- Observe child safety, make shelves from safety-protected material to avoid injuries.
- Wear gloves to avoid injury from sharp edges during assembly.
- Keep the shelf away from heat sources and damp places to prevent material damage.
