Article Numbers: 39063, 39059, 39055

Safety Instructions:

- Heavy product: use suitable lifting gear.
- Keep the floor level and stable, avoid tipping.
- Observe the maximum standing load of 500 kg/sqm, avoid overloading.
- Note the fleece coating to minimise condensation water to avoid the risk of slipping.
- Have assembly tools ready in advance.
- Cannot be combined with continuous rooflights.
- Ensure unloading with a suitable crane or forklift.
- Installation on flat, solid and horizontal surfaces for stability.
- Observe compatibility and load for accessories.
- Check corrosion protection regularly.
