Article Numbers: 177903, 177902, 177901, 177900, 177899, 177898, 177897, 177896

Safety Instructions:

- Use standard clamps for table thicknesses of 1.2 - 2.5 cm. Additional clamps are required for thicker tables from 2.5 cm, which are available separately.
- Not suitable for children under 3 years of age due to small parts and potential choking hazard.
- The PET felt is resistant to alcohol-based disinfectants (up to 85%). Only use recommended cleaning products to prevent damage.
- The product is not highly flammable (fire class b1), but flammable objects should be kept away and it is not a substitute for fire protection devices.
- Follow the installation instructions to ensure that the partition is securely fastened and cannot fall over. Improper installation can lead to injuries.
- The product is resistant to alcohol-based cleaning agents and disinfectants. Use suitable cleaning agents and avoid aggressive products.
- The product should be kept dry and away from moisture as it is not water resistant.
- The acrylic viewing windows can break - avoid strong impacts.
- Check the partition wall regularly for stability and damage.
- Avoid attaching devices or objects that exceed the recommended maximum load.
- Follow the safety instructions regarding cable management to avoid tripping hazards.
