Article Numbers: 177911, 177910, 177909, 177908, 177907, 177906, 177905, 177904

Safety Instructions:

- Attention! Standard clamps are only suitable for table thicknesses of 1.2 - 2.5 cm. Additional clamps are required for thicker tables.
- The PET felt is resistant to alcohol-based cleaning agents and disinfectants (up to 85%). Avoid excessive use of aggressive or chemical cleaning agents.
- Not highly flammable (fire class b1). Observe safety precautions and keep away from naked flames.
- The product is not designed as a toy for children, but may appear appealing to them. Keep out of the reach of children.
- For safe use, only use in accordance with the instructions provided.
- Carry out assembly according to the instructions to ensure safety and stability.
- When installing, ensure that the standard clamps are only suitable for table thicknesses of 1.2 - 2.5 cm; additional clamps are required for thicker tables.
- Regular cleaning recommended to maintain hygiene standards.
- The partition wall is not easily flammable (fire class B1) and should be installed away from open flames or hot surfaces.
- Product may not be designed for children, but should be placed out of the reach of children due to its attractive design.
- Ensure that the partition wall is installed stably to avoid the risk of it falling over.
- Use in office areas should take audiovisual privacy into account; noise sources should not be directly directed towards them.
- Caution: If used incorrectly, the privacy screen may not provide the desired sound reduction.
- The back panel should be disposed of or recycled in accordance with local regulations.
