Safety Instructions:

- Distribute heavy objects securely and evenly on the shelves to prevent the shelf from tipping.
- Use the shelf in accordance with the manufacturer's instructions and do not overload (max. total load capacity: 260 kg).
- Ensure that no sharp edges or dangerous parts protrude during assembly and use.
- Shelf without doors and boxes: Place objects in such a way that they cannot fall down to prevent injuries.
- Avoid using the shelf near water or damp environments to prevent corrosion.
- Caution: Risk of falling if the shelf is used incorrectly or overloaded.
- Ensure that all screws and connections are firmly tightened during installation.
- Protect the shelf from direct sunlight and moisture.
- Keep out of the reach of children to avoid injury.
