Safety Instructions:

- Make sure that the shelf is stable and securely mounted to prevent it from toppling over.
- Avoid loading the shelf above the recommended total load capacity of 380 kg.
- Keep the shelf away from moisture, water and extreme temperatures to prevent material damage and corrosion.
- Ensure that sharp-edged or heavy objects are stored in such a way that they cannot easily fall.
- Only use the shelf for its intended purpose and do not place excessive loads on the shelves.
