Please note the technical data of the products!

**Article Numbers:** 463201, 463200, 463199, 463198

### Safety Instructions:

- For indoor use only. The cabinet is not suitable for outdoor use.
- Use hinged doors with cylinder locks to prevent unauthorised access. Ensure that only authorised persons are granted access.
- Ensure adequate ventilation to avoid accumulation of hazardous vapours. Use an integrated ventilation system to avoid explosion risks. The cabinet should be connected to a technical exhaust air system.
- Carry out regular maintenance of the ventilation systems to ensure safe operation.
- Safely store and label substances hazardous to water in accordance with GHS 1-4. Take care during storage.
- Wear suitable personal protective equipment when working with hazardous substances.
- Observe explosion protection measures. The cabinet should be checked regularly for leaks.
- Enclose operating instructions for safe use. Attach safety instructions to the cabinet.
