

Product Safety Information

Material container MC. 1560 different. Versions

Manufacturer/Responsible Person: Saebu Morsbach GmbH, Zum Systembau 1, 51597 Morsbach-Schlechtingen, Deutschland
E-Mail: info@saebu.de

Please note the technical data of the products!

Article Numbers: 39149, 39132, 39125

Safety Instructions:

- Ensure that the container is placed on stable, firm, level and horizontal surfaces to prevent it from tipping or falling over.
- Protect the container from extreme weather conditions and carry out regular maintenance to prevent corrosion damage.
- Ensure that the maximum permissible standing load of 500 kg/m² is not exceeded in order to prevent collapses.
- Use suitable cranes or forklifts when unloading and follow the instructions to avoid injury.
- Ensure that no parts are stored or used improperly to avoid trapped fingers or similar injuries.
- The fleece coating should not be combined with continuous rooflights, as this can impair their effectiveness. Check these regularly for damage.
- Ensure that the exterior wall finish complies with the safety requirements.
- Assembly instructions: When assembling, ensure that all parts are correctly fixed to ensure stability.
