

Product Safety Information

Material container MC 1540 various Versions

Manufacturer/Responsible Person: Saebu Morsbach GmbH, Zum Systembau 1, 51597 Morsbach-Schlechtingen, Deutschland
E-Mail: info@saebu.de

Please note the technical data of the products!

Article Numbers: 39148, 39131, 39124

Safety Instructions:

- Use a suitable crane or forklift for unloading and transporting to avoid accidents and the risk of crushing.
- Maximum standing load must not exceed 500 kg/sqm with distributed load.
- Check the surface for evenness and stability before installation.
- The underside of the roof with fleece coating binds condensation and must not be damaged or combined with continuous rooflights.
- Corrosion may occur if handled improperly; regular inspection recommended.
- Regularly check the condition and stability of the container.
- Use a suitable base and mount the container on stable, level surfaces.
- Follow the instructions provided to use the product safely.
- Minimise the risk of injury from falling components during installation.
- Provide labelling with manufacturer's contact information.
