

Product Safety Information

Material container MC 1440 various Versions

Manufacturer/Responsible Person: Saebu Morsbach GmbH, Zum Systembau 1, 51597 Morsbach-Schlechtingen, Deutschland
E-Mail: info@saebu.de

Please note the technical data of the products!

Article Numbers: 39146, 39129, 39122

Safety Instructions:

- The maximum standing load of 500 kg/sqm must not be exceeded.
- Ensure that the installation is carried out on a flat, firm and level surface.
- Ensure that the container is placed on stable and firm supports to prevent it from tipping over.
- Suitable personal protective equipment (such as gloves and safety goggles) should be worn during installation.
- Safety precautions when unloading: Use of a suitable crane or forklift required to avoid injury.
- When loading and unloading the container, use suitable lifting and transport equipment to avoid accidents.
- When used outdoors, attention should be paid to the weather conditions in order to avoid damage caused by the weather.
- Avoid direct sunlight on painted surfaces to prevent colour fading.
- Correct and safe disposal of packaging materials to avoid environmental pollution.
- Use accessories in accordance with the manufacturer's instructions to avoid safety risks.
- Assembly can be carried out without tools; however, ensure that all parts are properly anchored.
