Article Numbers: 147014, 147013, 147012, 147011, 147010, 147009, 147008, 147007, 147006, 147005, 147004, 147003

Safety Instructions:

- The surfaces of the shell chair are flammable. Please keep away from naked flames.
- The surfaces of the chair are resistant to disinfectants. When using disinfectants, check their compatibility in an inconspicuous place to avoid damaging the material.
- The feet of the chair are fitted with plastic glides to prevent scratches on floor coverings. They should be checked regularly for wear and tear.
- Observe the maximum load capacity of 110 kg. Use above this load can lead to damage.
- Choking hazard due to small parts if incorrectly assembled or used. Fasten all parts securely and keep out of the reach of children.
- Avoid using the chair on uneven or unstable surfaces to prevent it from tipping over and ensure that it is used on a stable and level surface.
- Not suitable for children under 3 years of age due to the ergonomic shape and risk of falling.
- Regular checks for wear and stability are required for use in public areas.
- Risk of injury during installation - follow the instructions for safe installation.
