Safety Instructions:

- Use the chair in accordance with the manufacturer's instructions and only for its intended use.
- Regularly check the stability of the mechanism.
- Only adjust the seat height and depth during use; avoid damage due to improper use.
- Avoid excessive loads over 120 kg.
- Make sure that the castors are suitable for the floor covering in question.
- Keep the working area around the chair free of obstacles; ensure that the chair is on a stable surface.
- Avoid incorrect posture to prevent back strain; adjust the seat and backrest regularly to ensure optimum ergonomics.
- If there are signs of damage or wear, stop using the chair and contact the manufacturer.
- When using armrests, ensure that they are correctly adjusted.
- For cleaning and care instructions, follow the information on the product.
