Safety Instructions:

- Please note that the banknote counting machine is not suitable for children under the age of 14.
- Avoid using the machine in damp or wet environments to prevent short circuits.
- Keep the machine away from small children to avoid the risk of injury or suffocation from small parts.
- Ensure that the machine is standing on a stable, level surface to prevent it from tipping over.
- Only use the mains adapter supplied to avoid electric shocks.
- Clean the machine regularly according to the instructions in the operating instructions to ensure its functionality and safety.
