Safety Instructions:

- Maximum 25 kg per drawer: Avoid overloading to prevent damage or injury.
- Place mobile pedestals on a stable, level surface: Prevents tipping and ensures stability.
- Use brakes on the castors to secure the mobile pedestal and prevent it from rolling away.
- Use a central locking system to prevent unauthorised access to the contents and keep the key in a safe place.
- Keep roller containers away from moisture and direct heat to prevent material damage.
- Do not trap fingers or body parts between the drawers.
- Product unsuitable for children under 3 years of age as there is a choking hazard due to small parts.
- Check the smooth-running castors regularly for functionality and safety.
- Keep drawers completely closed when the mobile pedestal is not in use.
- Before moving the mobile container, ensure that the parking brakes are activated.
- Read the operating instructions carefully and follow the instructions for safe use.
- Not suitable for children: Drawers can be heavy and cause injury if used incorrectly.
