Safety Instructions:

- Do not exceed the maximum load of 300 kg.
- Do not use for food storage if suitable lids are missing.
- Avoid use at extreme temperatures below -40 °C or above +60 °C; material may be damaged.
- Use on flat and stable surfaces to minimise tipping.
- Ensure that the castors are not blocked to prevent injuries or accidents.
- The container is not intended for direct contact with food without a suitable lid.
- Do not load beyond the maximum load capacity.
- Observe the maximum stacking load of 2000 kg.
- Load the container evenly to avoid tipping.
- Avoid contact with sharp objects to prevent damage to the material.
- Only load the castors when the container is being moved to prevent unintentional movements.
- Regularly inspect the rollers for damage or wear.
