Safety Instructions:

- To avoid injury, do not use the desk as a climbing frame or for improper purposes.
- Make sure that the desk is placed on a stable, level surface to prevent it from tipping over.
- Secure the castors to prevent them from rolling away unintentionally; this is particularly important when using them on smooth surfaces.
- Avoid overloading the tabletop above the maximum load capacity to prevent damage or accidents.
- Risk of suffocation due to loose parts if used improperly; keep away from children.
- Read the installation instructions carefully to ensure correct installation and stability.
- Supervise children when using the desk to avoid accidents.
- The desk should not be placed near sources of water, direct heat or moisture to prevent damage.
- Be careful when folding the table to avoid crushing and check the folding mechanism regularly.
- Provide safety instructions on how to fold and transport the table correctly to prevent it from tipping over.
- Regularly check the condition of the castors and connecting elements for wear or damage.
