Safety Instructions:

- The product should contain clear instructions and safety information in plain language. Feedback on product use should be clear and reference materials provided where appropriate.
- Use the product for the purposes intended by the manufacturer.
- Observe safety measures when mounting on the wall to ensure stability.
- Do not overload the doors of the safe deposit box to minimise the risk of damage or injury.
- Handle keys with care to prevent loss or unauthorised access. When using cylinder locks, ensure that the keys are not left in the compartment.
- Check the product regularly for wear or damage and take corrective action if necessary.
- Place the product on a firm surface and, if necessary, secure it to the wall to prevent it from tipping over.
- Use by children should be supervised to prevent improper use.
